Sub-processor Updates

Prior to engaging any sub-processors, we perform due diligence to evaluate their privacy, security and confidentiality practices, and execute an agreement with them that implements their obligations.

As our business and services evolve, we may add, remove, or update information about our Sub-Processors on this page, if we determine their processing activity will improve or enhance our ability to deliver our services to you. We will periodically update this page to reflect changes to our Subprocessors.

If you have any questions about our subprocessing activities, please contact privacy@jellysmack.com.
